

# SANDCASTLE CONDOMINIUM IN LONG BEACH, NY

## REQUIREMENTS

- ✓ Tenant-friendly / Ease of Use
- ✓ No subscriptions fee
- ✓ App
- ✓ Pairing with existing card access system

## THE BUILDING

The Sandcastle Condominiums are located at 730/750 West Broadway in Long Beach, NY; right next to the famous Long Beach boardwalk. The complex is made up of two low rise buildings, with approximately 40 apartments in each building. One to two-bedroom units, including some duplexes, and all of them have a spectacular oceanfront view.

## THE TASK AND THE TEAM

The board members and owners of the condos were looking to modernize by installing an intercom system. Important features to them were:

- App to see the visitors and talk to them.
- Pairing with existing card access security system for remote entry.

Jay and Miguel from Mel Geller Electronic Security Systems in Lynbrook were supporting the decision making, supplied, and installed the products.

## WHY DOORBIRD?

### FEATURES

- ✓ WiFi / LAN connection (PoE capable)
- ✓ Individual PIN codes
- ✓ Configurable via App

After comparing other systems, the board members and condo owners decided on DoorBird. They loved all the DoorBird features, and the ease of programming and use. Another big advantage is the no license fee per apartment/user.

### DoorBird Products:

- 2 x IP Video Door Station D21DKH
