

SYSTEM REQUIREMENTS

- DoorBird IP Video Door Station D10x/D11x/D20x/D21x-Series
- Volkswagen Car with App Connect and MirrorLink™ (please ask your Volkswagen car dealer if this feature is available in your car)
- Smartphone with DoorBird App and MirrorLink™

ADDITIONAL INFORMATION

Volkswagen has officially integrated our IP Video Door Station into their cars. Answer your door anywhere. Even from your Volkswagen car: DoorBird Push-Notification on your screen, talk (2-way audio), view live and open the door – while driving your car.

Please Note:

- *MirrorLink™ (as well as Android Auto™ and Apple CarPlay™) is only active if you connect the smartphone via USB cable to your car.*
- *The DoorBird App for MirrorLink™ is signed for Volkswagen cars only, it will not work on other VW Group brands such as Audi, Skoda, Toyota etc. yet.*
- *MirrorLink™ is available on almost any Volkswagen car since May 2015.*
- *Not all Smartphones supporting MirrorLink™ have the same MirrorLink™ features, only HTC One (M9) support on-screen Push-Notifications via MirrorLink™. Other smartphone manufacturers are adding features soon.*
