

## Volkswagen & DoorBird

Volkswagen has officially integrated our IP Video Door Station into their cars. Answer your door anywhere. Even from your Volkswagen car: DoorBird Push-Notification on your screen, talk (2-way audio), view live and open the door – while driving your car.

### System requirements:

- Latest DoorBird App from the Google Play Store:  
<https://play.google.com/store/apps/details?id=com.doorbird.doorbird&hl=en>
- Volkswagen car with App Connect and MirrorLink™ (please ask your Volkswagen car dealer if you have this feature in your car).
- Smartphone with MirrorLink™.

### Best experience with:

- HTC One (M9)

### Please note:

- MirrorLink™ (as well as Android Auto™ and Apple CarPlay™) is only active if you connect the smartphone via USB cable to your car.
- The DoorBird App for MirrorLink™ is signed for Volkswagen cars only, it will not work on other VW Group brands such as Audi, Skoda, Toyota etc. yet.
- MirrorLink™ is available on almost any Volkswagen car since May 2015.
- Not all Smartphones supporting MirrorLink™ have the same MirrorLink™ features, only HTC One (M9) support on-screen Push-Notifications via MirrorLink™. Other smartphone manufacturers are adding features soon.
