

APP SOFTWARE DEVELOPER (F/M/D)

The Bird Home Automation Group, based in Berlin and San Francisco, is a family-run medium-sized company with around 120 employees, and Germany's leading manufacturer of IP video door intercoms. We develop and produce in Berlin and sell our products worldwide.

To strengthen our team at the Berlin-Kurfürstendamm location, we are looking for an App Software Developer (f/m/d) to start as soon as possible.

Your tasks:

- Conception, design and further development of our native apps for iOS, Android and web apps.
- Communicate with our firmware development team to agree on required interfaces (including REST, SIP, HTTP, RTSP, JSON, etc.)
- Implement and test new software components

Your profile:

- Completed studies in computer science, informatics or comparable
- Several years of practical experience in native app development (iOS [Swift, Objective-C], Android [Java] and Web Apps [React, Java])
- You have good English skills, German skills are desirable

With us you expect:

- Mobile working (home office) model
- Varied and responsible activities in committed teams with exciting projects
- Possibility for mobile working
- Pleasant working atmosphere and an open and family-friendly working environment
- Roof terrace for employees as well as free fruit and drinks and team events
- Close cooperation with experienced experts on globally successful products
- A secure job in an established company with an inspiring corporate culture, flat hierarchies, and fast decision-making processes
- Independent and at the same time team-oriented work in small groups
- Future prospects with very good development opportunities

If you are someone who wants to work with modern methods and technologies in a great team then you are exactly right with us!
