

DevOps/ Server Administrator (F/M/D)

The Bird Home Automation Group, based in Berlin and San Francisco, is a family-run medium-sized company with around 120 employees, and Germany's leading manufacturer of IP video door intercoms. We develop and produce in Berlin and sell our products worldwide.

DoorBird is part of the ASSA ABLOY Group. ASSA ABLOY is the world's leading manufacturer and supplier of locking solutions and security systems that meet customers' high demands for security, protection and user-friendliness.

To strengthen our team at the Berlin-Kurfürstendamm location, we are looking for an DevOps Engineer (f/m/d) to start as soon as possible.

Your profile:

- Completed training or studies in IT or comparable experience
- Several years of experience in administration of Linux servers
- Shell/Bash Scripting
- Independent way of working
- High security awareness
- You have good English skills, German skills are desirable

Your tasks:

- Administration of our server and cloud structure
- Conception, optimization, and setup of servers
- Monitoring of the servers for security vulnerabilities and utilization
- Communication and support of all sub-departments of the R&D department
- Documentation of server landscape and problem solutions

With us you expect:

- Varied and responsible activities in committed teams with exciting projects
- Pleasant working atmosphere and an open and family-friendly working environment
- Many things that make working life more enjoyable: unlimited drinks and fruit at the workplace, a work bike on request, regular team events, roof terrace and much more.
- Close cooperation with experienced experts on globally successful products
- A secure job in an established company with an inspiring corporate culture, flat hierarchies and fast decision-making processes
- Independent and at the same time team-oriented work in small groups
- Future prospects with very good development opportunities

If you are someone who wants to work with modern methods and technologies in a great team then you are exactly right with us!
